SEATTLE PUBLIC SCHOOLS EXPLORER — DATA GUIDE

Compiled October 13, 2026

PUBLISH TO GITHUB PAGES

Extract the ZIP. Upload index.html, all four CSV files, and the entire maps folder to the same repository folder. The documentation files can be uploaded too. In repository Settings > Pages, select Deploy from a branch, your branch, and the folder containing index.html. Open the resulting Pages URL. Opening index.html from disk does not permit CSV fetches. Map previews need the maps folder; the OpenStreetMap iframe needs internet access.

DATA FILES

school_profiles.csv: 106 unique school_key rows. Slower-changing directory data and explicitly dated annual/program/facility/finance/assessment snapshots. This is not a claim that every statistic is current in 2026.
p223_enrollment.csv: 2,226 rows. Key is school_key + p223_reporting_month. 21 monthly reports covering September–June 2024–25, September–June 2025–26, and September 2026 (2026–27). Missing separate school reports have blank counts, not zero.
assessment_results.csv: 822 SBA general SBAC grade/subject rows, All Students, 2025–26. All Grades rows overlap grade detail and must not be summed. WA-AIM excluded.
map_results.csv: 14 precisely dated, school-published MAP grade and overall results at Genesee Hill (spring 2025). Not a districtwide MAP dataset.
source_provenance.json: complete per-school program/facility source evidence, page numbers, caveats, all column definitions, finance data and monthly district reconciliation controls.
seattle_public_schools_sources_and_validation.pdf: readable column-by-column source guide.

HOW THE DASHBOARD WORKS

The page fetches all four CSVs at load and joins school_key. It starts with the alphabetically first school, Adams, and the latest report month. Year selection uses that school year's latest published report; month selection then changes every P223 card and grade table. The trend displays all months and leaves missing values as gaps. Annual statistics retain their own reporting years. The HTML embeds definitions and map-label coordinates, not statistical rows.

UPDATING

Append P223 monthly rows using the existing 109 columns and YYYY-MM month. Keep one row per school/month; missing report rows may be blank or omitted. Do not replace blank with zero. New schools need a unique profile school_key. Grade sums, gender sums, K–12 counts and duplicate keys are validated at load. New program/facility/assessment fields require updated column definitions, rather than unannotated extra columns. Update sources, periods and source guide when replacing annual values. Assessment detail files must retain their supplied headers. Changing CSV values refreshes the dashboard without rebuilding it; map label geometry requires updating HTML configuration if the source PDF changes.

KEY DEFINITIONS AND LIMITS

Special education: affirmative service host destinations in official 2026–27 linked-school matrices. Unknown is not No, not absence of IEP support. Models do not supply enrollment or staffing intensity. Pathfinder has conflicting Distinct entries; evidence is preserved.
Afterschool: Yes only where onsite evidence supports it. Several listed community-center providers have unverified campus locations. Health partner associations can be nearby clinics; they are not automatically onsite.
Facilities: 2025 inventory, 2022 Säzän report and 2024–25 capacity charts. The report reflects a 2021 assessment. Historical conditions/capacity/portables do not describe newly opened replacement buildings. Capacity charts may use interim sites. Right-sized capacity and operational capacity use different classroom counts.
Portable counts: physical assessed structures (2022), portable/modular classroom counts (2024–25), and assessed portable condition rows are separate. Several portable IDs repeat in original assessments; those source rows are

retained and explained.
Condition scales: building and learning environment 1–5, lower better. Accessibility is a different 0–7 scale. FMP summary differs from original Säzän at Cleveland (3 vs 2), Lincoln (2 vs 3), Maple (4 vs 3); both values remain.
Renovation/project funding: inventory levy does not necessarily fund every date in a row. Verified current project milestones are separate; some projects used state grants, not a levy. Only 16 current milestones were independently confirmed; other rows use dated inventory evidence.
SBA: 2025–26, data as of September 9, 2026. Proficient = Levels 3–4 (consistent grade level). Foundational or above = Levels 2–4, a different threshold. Achievement denominator is tested students; participation denominator is expected students. OSPI changed denominator reporting in September 2026, so older expected-student percentages are not directly comparable. Suppressed counts/percentages remain blank individually. Average scale scores are not available in this dataset.
MAP: 104 school CSIPs reviewed. Only Genesee Hill supplied a precisely dated whole-school reading/math achievement pair verified for this extraction. Targets, growth, projected SBA performance, percentiles and selected-grade/subgroup rates have not been relabeled whole-school achieved proficiency. Additional qualified plan context is supplied where found. The school-published threshold is not defined in the Genesee Hill source.
Finance: Title I/LAP are 2026–27 adopted school allocations. Per-capita funding is allocation / projected K–12 AAFTE in the same budget year, not current P223. Actual per-pupil spending is OSPI 2024–25 school-level finance data using its finance enrollment denominator. Central expenditures may be attributed differently from the SPS school-funded budget. These measures are displayed separately. Interagency's printed budget per student disagrees with budget / projected AAFTE; both values are retained.
Board: directors checked October 13, 2026; joined using each school's existing board district. Director maps can carry older campus labels. The all-schools map is updated June 10, 2026 and has no director boundary overlay. Both views are supplied. Red outlines indicate printed labels, not exact campus footprints. Some unambiguous labels are unavailable; the original PDF remains linked.
Maps: OpenStreetMap is a street map, not photographic street-view imagery. Coordinates use verified city school-location points. No pin is guessed for unresolved locations or multi-site programs.

VALIDATION

Every monthly school table reconciled grade measures, gender and K–12 totals; district totals reconciled against school records plus excluded reporting units. All 21 sources retained. FTE tolerance accounts for source rounding (0.08); integer counts exact. No source grade discrepancies found.
Profile joins checked for all 106 stable keys. Facility capacity charts visually reviewed from raster tables; score cells verified against original reports. Published budgets checked against projected enrollment and independently calculated per-capita figures. OSPI expenditures reconcile total/enrollment to per-pupil values. Released SBA percentages reconcile source counts and valid ranges; suppression is preserved.
All four CSV exports round-trip verified cell by cell with Artifact Tool. Dashboard logic tested across all 106 schools and three years, selectors, trend measures, map markup, CSV download, missing files, invalid schemas, duplicate school/month keys and local-file loading errors. Browser visual QA was not available in this execution environment; live map loading depends on host/network availability.

Column definitions and sources

school_profiles.csv

school_name
School/program display name from SPS directory; Bridges added from P223. Unit: text. Period: Retrieved October 13, 2026; Grades 1-12: September 8, 2026; PS/K: September 11, 2026; created September 23.
Sources: https://www.seattleschools.org/schools/
https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

school_key
Unique SPS directory URL slug; Bridges uses an explicit compilation key. Unit: text. Period: October 13, 2026; methods described below.
Sources:

roster_basis
SPS directory, or supplemental Bridges Transition P223/OSPI record. Unit: text. Period: Retrieved October 13, 2026; Grades 1-12: September 8, 2026; PS/K: September 11, 2026; created September 23.
Sources: https://www.seattleschools.org/schools/
https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

ospi_school_organization_id
OSPI organization ID used for the OSPI joins. Interagency corrected by official entity name; Virtual withheld because directory links to CPPP. Unit: text. Period: Retrieved October 13, 2026; 2024-25; source dataasof December 16, 2025.

All Grades highly_capable count; withheld if suppressed by source. Unit: students. Period: 2024-25; source dataasof June 2, 2025.
Sources: https://data.wa.gov/education/Report-Card-Enrollment-2024-25-School-Year/2rwv-gs2e

homeless_count_2024_25
All Grades homeless count; withheld if suppressed by source. Unit: students. Period: 2024-25; source dataasof June 2, 2025.
Sources: https://data.wa.gov/education/Report-Card-Enrollment-2024-25-School-Year/2rwv-gs2e

ospi_enrollment_disclosure_note
Verbatim dat note from All Grades record; explains source suppression. Unit: text. Period: 2024-25; source dataasof June 2, 2025.
Sources: https://data.wa.gov/education/Report-Card-Enrollment-2024-25-School-Year/2rwv-gs2e

ospi_enrollment_data_as_of
dataasof from All Grades enrollment record. Unit: date. Period: 2024-25; source dataasof June 2, 2025.
Sources: https://data.wa.gov/education/Report-Card-Enrollment-2024-25-School-Year/2rwv-gs2e

student_asian_pct_2025_26
Asian percentage in School 2025/26 row; source rounded to whole percent. Hispanic includes any race. K-8 uses elementary table, not middle-only component. Unit: percent. Period: School 2025/26 row, not Boundary 2025/26.
Sources: https://www.seattleschools.org/wp-content/uploads/2026/09/Section-10-w_ADA.pdf

student_black_pct_2025_26
Black percentage in School 2025/26 row; source rounded to whole percent. Hispanic includes any race. K-8 uses elementary table, not middle-only component. Unit: percent. Period: School 2025/26 row, not Boundary 2025/26.
Sources: https://www.seattleschools.org/wp-content/uploads/2026/09/Section-10-w_ADA.pdf

student_hispanic_pct_2025_26
Hispanic percentage in School 2025/26 row; source rounded to whole percent. Hispanic includes any race. K-8 uses elementary table, not middle-only component. Unit: percent. Period: School 2025/26 row, not Boundary 2025/26.
Sources: https://www.seattleschools.org/wp-content/uploads/2026/09/Section-10-w_ADA.pdf

student_multiracial_pct_2025_26
Multi Racial percentage in School 2025/26 row; source rounded to whole percent. Hispanic includes any race. K-8 uses elementary table, not middle-only component. Unit: percent. Period: School 2025/26 row, not Boundary 2025/26.
Sources: https://www.seattleschools.org/wp-content/uploads/2026/09/Section-10-w_ADA.pdf

student_native_american_pct_2025_26
Native American percentage in School 2025/26 row; source rounded to whole percent. Hispanic includes any race. K-8 uses elementary table, not middle-only component. Unit: percent. Period: School 2025/26 row, not Boundary 2025/26.
Sources: https://www.seattleschools.org/wp-content/uploads/2026/09/Section-10-w_ADA.pdf

student_pacific_islander_pct_2025_26
Pacific Islander percentage in School 2025/26 row; source rounded to whole percent. Hispanic includes any race. K-8 uses elementary table, not middle-only component. Unit: percent. Period: School 2025/26 row, not Boundary 2025/26.
Sources: https://www.seattleschools.org/wp-content/uploads/2026/09/Section-10-w_ADA.pdf

student_white_pct_2025_26
White percentage in School 2025/26 row; source rounded to whole percent. Hispanic includes any race. K-8 uses elementary table, not middle-only component. Unit: percent. Period: School 2025/26 row, not Boundary 2025/26.
Sources: https://www.seattleschools.org/wp-content/uploads/2026/09/Section-10-w_ADA.pdf

demographics_pdf_page
Physical Section 10 PDF page for school race/ethnicity data. Unit: page. Period: School 2025/26 row, not Boundary 2025/26.
Sources: https://www.seattleschools.org/wp-content/uploads/2026/09/Section-10-w_ADA.pdf

demographics_status
Available or school not covered by latest SPS race/ethnicity section. Unit: text. Period: October 13, 2026; methods described below.

community_learning_center_partner
District-listed Parks and Recreation Community Learning Center association; school-based OST program. Unit: text. Period: 2026–27 / retrieved 2026-10-13.
Sources: https://www.seattleschools.org/departments/community-partnerships/aligned-partners/

school_based_health_partner
District-listed school-based health partner association. Services may be available at the school or nearby school; do not infer a clinic address. Unit: text. Period: 2026–27 / retrieved 2026-10-13.
Sources: https://www.seattleschools.org/departments/community-partnerships/aligned-partners/

facility_original_construction_years_2025
facility original construction years 2025 Unit: text. Period: 2025 inventory or dated project milestone.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

facility_last_full_renovation_addition_years_2025
Verbatim date(s) of last full renovation/addition in 2025 inventory, separate from original construction and later systems-only work. Unit: text. Period: 2025 inventory or dated project milestone.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

facility_inventory_levy_2025
Historical levy listed alongside the school in Appendix A. Source can list an earlier levy than latest addition; use independently verified last_major_capital_project_levy when available. Unit: text. Period: 2025 inventory or dated project milestone.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

landmark_status_2025
Designated/potential/not marked in 2025 inventory. Not marked is absence of designation flag in inventory, not independent 2026 City certification. Unit: text. Period: 2025 inventory or dated project milestone.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

building_condition_score_2022
2025 FMP Appendix C summary of 2022 condition score, integer 1–5, lower is better; retained separately when it disagrees with the original report. Unit: 1–5 score, lower better. Period: Assessed 2021, delivered 2022.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

sazan_bca_score_2022
Original Säzän whole-building condition score, integer 1–5, lower is better; assessment 2021, report January 2022. Unit: 1–5 score, lower better. Period: Assessed 2021, delivered 2022.
Sources: https://www.seattleschools.org/wp-content/uploads/2024/10/Sazan-2022-Building-Condition-Assessment-by-Building.pdf

sazan_learning_environment_score_2022
Original Säzän Average Learning Environment Assessment score; 1 excellent to 5 unsuitable, distinct from building physical condition. Unit: 1–5 score, lower better. Period: Assessed 2021, delivered 2022.
Sources: https://www.seattleschools.org/wp-content/uploads/2024/10/Sazan-2022-Building-Condition-Assessment-by-Building.pdf

sazan_accessibility_score_2022
Säzän accessibility assessment on a distinct 0–7 scale; not a 1–5 condition rating and not a legal ADA compliance finding. Unit: 0–7 score, lower better. Period: Assessed 2021, delivered 2022.
Sources: https://www.seattleschools.org/wp-content/uploads/2024/10/Sazan-2022-Building-Condition-Assessment-by-Building.pdf

sazan_portable_structures_count_2022
Number of portable structures listed on original 2021/2022 Säzän school summary. Different from classrooms, assessment rows and current inventory. Unit: count. Period: Assessed 2021, delivered 2022.
Sources: https://www.seattleschools.org/wp-content/uploads/2024/10/Sazan-2022-Building-Condition-Assessment-by-Building.pdf

sazan_assessed_building_name
sazan assessed building name Unit: text. Period: 2025 inventory or dated project milestone.
Sources: https://www.seattleschools.org/wp-content/uploads/2024/10/Sazan-2022-Building-Condition-Assessment-by-Building.pdf

permanent_classrooms_operational_2024_25
Permanent classroom count in 2024–25 operational capacity chart, including smaller/converted rooms as counted by SPS. Unit: count. Period: 2024–25.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

permanent_classrooms_right_sized_2024_25
Permanent classroom count in 2024–25 right-sized capacity chart. SPS right-sized methodology uses appropriately sized/configured rooms; differs from operational chart at several middle schools. Unit: count. Period: 2024–25.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

portable_modular_classrooms_operational_2024_25
Portable/modular classroom count as published in 2024–25 operational chart; not unique structures, not current inventory. Unit: count. Period: 2024–25.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

portable_modular_classrooms_right_sized_2024_25
Portable/modular classroom inventory reported in 2024–25 right-sized chart, although those rooms are excluded from right-sized capacity. Unit: count. Period: 2024–25.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

right_sized_capacity_2024_25
Permanent-building design capacity for long-term capital planning in 2024–25 chart; excludes portables, and is not current operational or admissions limit. Interim/proposed-site notes apply. Unit: students. Period: 2024–25.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

operational_capacity_2024_25
Published 2024–25 estimated capacity for short-term planning including usable portables/converted rooms; historical and site-specific. Unit: students. Period: 2024–25.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

capacity_site_2024_25
capacity site 2024 25 Unit: text. Period: 2024–25.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

capacity_notes
capacity notes Unit: text. Period: 2025 inventory or dated project milestone.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

portable_condition_scores_2022
portable condition scores 2022 Per-portable weighted component condition on 1–5 scale, lower better; mean/min/max summarize assessed rows, not building-wide scores. See per-school provenance for duplicate portable IDs. Unit: text. Period: Assessed 2021, delivered 2022.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

portable_condition_mean_2022
Calculated arithmetic mean of reported per-row portable Average scores, retaining source duplicate IDs; not official weighted site score. Range 1 excellent to 5 unsatisfactory. Per-portable weighted component condition on 1–5 scale, lower better; mean/min/max summarize assessed rows, not building-wide scores. See per-school provenance for duplicate portable IDs. Unit: 1–5 score, lower better. Period: Assessed 2021, delivered 2022.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

portable_condition_min_2022
portable condition min 2022 Per-portable weighted component condition on 1–5 scale, lower better; mean/min/max summarize assessed rows, not building-wide scores. See per-school provenance for duplicate portable IDs. Unit: 1–5 score, lower better. Period: Assessed 2021, delivered 2022.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

portable_condition_max_2022
portable condition max 2022 Per-portable weighted component condition on 1–5 scale, lower better; mean/min/max summarize assessed rows, not building-wide scores. See per-school provenance for duplicate portable IDs. Unit: 1–5 score, lower better. Period: Assessed 2021, delivered 2022.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

portable_condition_assessed_rows_2022
Number of numeric portable assessment rows, including repeated IDs; not number of unique structures and not current portable count. Per-portable weighted component condition on 1–5 scale, lower better; mean/min/max summarize assessed rows, not building-wide scores. See per-school provenance for duplicate portable IDs. Unit: count. Period: Assessed 2021, delivered 2022.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

portable_condition_notes
portable condition notes Per-portable weighted component condition on 1–5 scale, lower better; mean/min/max summarize assessed rows, not building-wide scores. See per-school provenance for duplicate portable IDs. Unit: text. Period: 2025 inventory or dated project milestone.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

facilities_enrichment_source_url
facilities enrichment source url Unit: text. Period: 2025 inventory or dated project milestone.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

facilities_enrichment_notes
facilities enrichment notes Unit: text. Period: 2025 inventory or dated project milestone.
Sources: https://www.seattleschools.org/wp-content/uploads/2025/12/Approved_2025-Facilities-Master-Plan-Update.pdf

last_major_capital_project_date
Most recent independently verified major project opening/completion milestone when current official project page establishes it. Not a claim that no later systems work occurred. Unit: text. Period: 2025 inventory or dated project milestone.
Sources: https://www.seattleschools.org/about/levy/capital-levies/bex-v/

map_reading_grade_level_pct
Published reading grade-level achievement percentage Unit: number. Period: 2025–26 SBA; explicitly dated MAP CSIP evidence.
Sources: https://www.seattleschools.org/departments/assessments/measures-of-academic-progress/

map_math_grade_level_pct
Published math grade-level achievement percentage Unit: number. Period: 2025–26 SBA; explicitly dated MAP CSIP evidence.
Sources: https://www.seattleschools.org/departments/assessments/measures-of-academic-progress/

sba_ela_proficient_pct
Percentage of tested students scoring Levels 3–4 (consistent/proficient grade-level knowledge) Unit: number. Period: 2025–26 SBA; explicitly dated MAP CSIP evidence.
Sources: https://data.wa.gov/education/Report-Card-Assessment-Data-2025-26-School-Year/fusr-6kv7

sba_ela_foundational_or_above_pct
Percentage of tested students scoring Levels 2–4 (foundational or above); distinct from proficiency Unit: number. Period: 2025–26 SBA; explicitly dated MAP CSIP evidence.
Sources: https://data.wa.gov/education/Report-Card-Assessment-Data-2025-26-School-Year/fusr-6kv7

sba_ela_participation_pct
Percentage tested out of expected to test Unit: number. Period: 2025–26 SBA; explicitly dated MAP CSIP evidence.
Sources: https://data.wa.gov/education/Report-Card-Assessment-Data-2025-26-School-Year/fusr-6kv7

sba_ela_expected_count
Students expected to test Unit: number. Period: 2025–26 SBA; explicitly dated MAP CSIP evidence.
Sources: https://data.wa.gov/education/Report-Card-Assessment-Data-2025-26-School-Year/fusr-6kv7

sba_ela_tested_count
Students tested Unit: number. Period: 2025–26 SBA; explicitly dated MAP CSIP evidence.
Sources: https://data.wa.gov/education/Report-Card-Assessment-Data-2025-26-School-Year/fusr-6kv7

sba_ela_proficient_count
Students scoring Levels 3–4 Unit: number. Period: 2025–26 SBA; explicitly dated MAP CSIP evidence.
Sources: https://data.wa.gov/education/Report-Card-Assessment-Data-2025-26-School-Year/fusr-6kv7

sba_ela_foundational_or_above_count
Students scoring Levels 2–4 Unit: number. Period: 2025–26 SBA; explicitly dated MAP CSIP evidence.
Sources: https://data.wa.gov/education/Report-Card-Assessment-Data-2025-26-School-Year/fusr-6kv7

sba_ela_suppression
OSPI Disclosure Avoidance Technique (DAT); null suppressed cells are not zero Unit: text. Period: 2025–26 SBA; explicitly dated MAP CSIP evidence.
Sources: https://data.wa.gov/education/Report-Card-Assessment-Data-2025-26-School-Year/fusr-6kv7

sba_math_proficient_pct
Percentage of tested students scoring Levels 3–4 (consistent/proficient grade-level knowledge) Unit: number. Period: 2025–26 SBA; explicitly dated MAP CSIP evidence.
Sources: https://data.wa.gov/education/Report-Card-Assessment-Data-2025-26-School-Year/fusr-6kv7

sba_math_foundational_or_above_pct
Percentage of tested students scoring Levels 2–4 (foundational or above); distinct from proficiency Unit: number. Period: 2025–26 SBA; explicitly dated MAP CSIP evidence.
Sources: https://data.wa.gov/education/Report-Card-Assessment-Data-2025-26-School-Year/fusr-6kv7

sba_math_participation_pct
Percentage tested out of expected to test Unit: number. Period: 2025–26 SBA; explicitly dated MAP CSIP evidence.
Sources: https://data.wa.gov/education/Report-Card-Assessment-Data-2025-26-School-Year/fusr-6kv7

sba_math_expected_count
Students expected to test Unit: number. Period: 2025–26 SBA; explicitly dated MAP CSIP evidence.
Sources: https://data.wa.gov/education/Report-Card-Assessment-Data-2025-26-School-Year/fusr-6kv7

sba_math_tested_count
Students tested Unit: number. Period: 2025–26 SBA; explicitly dated MAP CSIP evidence.
Sources: https://data.wa.gov/education/Report-Card-Assessment-Data-2025-26-School-Year/fusr-6kv7

sba_math_proficient_count
Students scoring Levels 3–4 Unit: number. Period: 2025–26 SBA; explicitly dated MAP CSIP evidence.
Sources: https://data.wa.gov/education/Report-Card-Assessment-Data-2025-26-School-Year/fusr-6kv7

sba_math_foundational_or_above_count
Students scoring Levels 2–4 Unit: number. Period: 2025–26 SBA; explicitly dated MAP CSIP evidence.
Sources: https://data.wa.gov/education/Report-Card-Assessment-Data-2025-26-School-Year/fusr-6kv7

sba_math_suppression
OSPI Disclosure Avoidance Technique (DAT); null suppressed cells are not zero Unit: text. Period: 2025–26 SBA; explicitly dated MAP CSIP evidence.
Sources: https://data.wa.gov/education/Report-Card-Assessment-Data-2025-26-School-Year/fusr-6kv7

map_csip_source_url
Verified school annual improvement plan reviewed for MAP data; selected grades, subgroup baselines, projections and goals are not substituted for whole-school achieved proficiency Unit: text. Period: 2025–26 SBA; explicitly dated MAP CSIP evidence.
Sources: https://www.seattleschools.org/about/school-reports/

map_public_context
Other published MAP context, explicitly preserving grade, subgroup, metric, and date limitations; not schoolwide proficiency Unit: text. Period: 2025–26 SBA; explicitly dated MAP CSIP evidence.
Sources: School-specific map_csip_source_url

funding_reporting_year
funding reporting year. School-level adopted allocation, not expenditure. Per-student values divide by projected K–12 AAFTE; not the P223 population. Unit: text. Period: 2026–27 adopted budget.
Sources: https://www.seattleschools.org/wp-content/uploads/2026/07/26-27-Budget-Book-Online.pdf

funding_source_url
funding source url. School-level adopted allocation, not expenditure. Per-student values divide by projected K–12 AAFTE; not the P223 population. Unit: text. Period: 2026–27 adopted budget.
Sources: https://www.seattleschools.org/wp-content/uploads/2026/07/26-27-Budget-Book-Online.pdf

funding_pdf_page
funding pdf page. School-level adopted allocation, not expenditure. Per-student values divide by projected K–12 AAFTE; not the P223 population. Unit: text. Period: 2026–27 adopted budget.
Sources: https://www.seattleschools.org/wp-content/uploads/2026/07/26-27-Budget-Book-Online.pdf

school_budget_scope_note
school budget scope note. School-level adopted allocation, not expenditure. Per-student values divide by projected K–12 AAFTE; not the P223 population. Unit: text. Period: 2026–27 adopted budget.
Sources: https://www.seattleschools.org/wp-content/uploads/2026/07/26-27-Budget-Book-Online.pdf

budget_projected_k12_aafte
budget projected k12 aafte. School-level adopted allocation, not expenditure. Per-student values divide by projected K–12 AAFTE; not the P223 population. Unit: text. Period: 2026–27 adopted budget.
Sources: https://www.seattleschools.org/wp-content/uploads/2026/07/26-27-Budget-Book-Online.pdf

lap_budget_usd
lap budget usd. School-level adopted allocation, not expenditure. Per-student values divide by projected K–12 AAFTE; not the P223 population. Unit: USD. Period: 2026–27 adopted budget.
Sources: https://www.seattleschools.org/wp-content/uploads/2026/07/26-27-Budget-Book-Online.pdf

title1_budget_usd
title1 budget usd. School-level adopted allocation, not expenditure. Per-student values divide by projected K–12 AAFTE; not the P223 population. Unit: USD. Period: 2026–27 adopted budget.
Sources: https://www.seattleschools.org/wp-content/uploads/2026/07/26-27-Budget-Book-Online.pdf

school_budget_usd
school budget usd. School-level adopted allocation, not expenditure. Per-student values divide by projected K–12 AAFTE; not the P223 population. Unit: USD. Period: 2026–27 adopted budget.
Sources: https://www.seattleschools.org/wp-content/uploads/2026/07/26-27-Budget-Book-Online.pdf

school_budget_per_student_usd
school budget per student usd. School-level adopted allocation, not expenditure. Per-student values divide by projected K–12 AAFTE; not the P223 population. Unit: USD. Period: 2026–27 adopted budget.
Sources: https://www.seattleschools.org/wp-content/uploads/2026/07/26-27-Budget-Book-Online.pdf

lap_budget_per_student_usd
lap budget per student usd. School-level adopted allocation, not expenditure. Per-student values divide by projected K–12 AAFTE; not the P223 population. Unit: USD. Period: 2026–27 adopted budget.
Sources: https://www.seattleschools.org/wp-content/uploads/2026/07/26-27-Budget-Book-Online.pdf

title1_budget_per_student_usd
title1 budget per student usd. School-level adopted allocation, not expenditure. Per-student values divide by projected K–12 AAFTE; not the P223 population. Unit: USD. Period: 2026–27 adopted budget.
Sources: https://www.seattleschools.org/wp-content/uploads/2026/07/26-27-Budget-Book-Online.pdf

school_budget_per_student_published_usd
Per-student school budget printed in SPS adopted budget; retained separately from independently calculated value. Interagency contains a source discrepancy. Unit: USD. Period: 2026–27 adopted budget.
Sources: https://www.seattleschools.org/wp-content/uploads/2026/07/26-27-Budget-Book-Online.pdf

board_director_names
board director names. Current official SPS board director lookup using existing profile district; URLs can include multiple directors. Unit: text. Period: As of 2026-10-13.
Sources: https://www.seattleschools.org/about/school-board/meet-the-board/district-two/

board_director_source_urls
board director source urls. Current official SPS board director lookup using existing profile district; URLs can include multiple directors. Unit: text. Period: As of 2026-10-13.
Sources: https://www.seattleschools.org/about/school-board/meet-the-board/district-two/

board_district_map_urls
board district map urls. Current official SPS board director lookup using existing profile district; URLs can include multiple directors. Unit: text. Period: As of 2026-10-13.
Sources: https://www.seattleschools.org/about/school-board/meet-the-board/district-two/

board_director_as_of
board director as of. Current official SPS board director lookup using existing profile district; URLs can include multiple directors. Unit: text. Period: As of 2026-10-13.
Sources: https://www.seattleschools.org/about/school-board/meet-the-board/district-two/

actual_spending_reporting_year
actual spending reporting year. OSPI school-level actual expenditure; per-pupil denominator is finance enrollment, not current P223. Unit: text. Period: 2024–25 actual finance.
Sources: https://data.wa.gov/d/vnm3-j8pe

actual_spending_source_url
actual spending source url. OSPI school-level actual expenditure; per-pupil denominator is finance enrollment, not current P223. Unit: text. Period: 2024–25 actual finance.
Sources: https://data.wa.gov/d/vnm3-j8pe

actual_spending_status
actual spending status. OSPI school-level actual expenditure; per-pupil denominator is finance enrollment, not current P223. Unit: text. Period: 2024–25 actual finance.
Sources: https://data.wa.gov/d/vnm3-j8pe

actual_spending_enrollment
actual spending enrollment. OSPI school-level actual expenditure; per-pupil denominator is finance enrollment, not current P223. Unit: text. Period: 2024–25 actual finance.
Sources: https://data.wa.gov/d/vnm3-j8pe

actual_spending_per_pupil_usd
actual spending per pupil usd. OSPI school-level actual expenditure; per-pupil denominator is finance enrollment, not current P223. Unit: USD. Period: 2024–25 actual finance.
Sources: https://data.wa.gov/d/vnm3-j8pe

actual_spending_total_usd
actual spending total usd. OSPI school-level actual expenditure; per-pupil denominator is finance enrollment, not current P223. Unit: USD. Period: 2024–25 actual finance.
Sources: https://data.wa.gov/d/vnm3-j8pe

actual_spending_local_per_pupil_usd
actual spending local per pupil usd. OSPI school-level actual expenditure; per-pupil denominator is finance enrollment, not current P223. Unit: USD. Period: 2024–25 actual finance.
Sources: https://data.wa.gov/d/vnm3-j8pe

actual_spending_state_per_pupil_usd
actual spending state per pupil usd. OSPI school-level actual expenditure; per-pupil denominator is finance enrollment, not current P223. Unit: USD. Period: 2024–25 actual finance.
Sources: https://data.wa.gov/d/vnm3-j8pe

actual_spending_federal_per_pupil_usd
actual spending federal per pupil usd. OSPI school-level actual expenditure; per-pupil denominator is finance enrollment, not current P223. Unit: USD. Period: 2024–25 actual finance.
Sources: https://data.wa.gov/d/vnm3-j8pe

programs_source_urls
programs source urls. Compiled evidence and notes; see school-level provenance. Unit: text. Period: As of 2026-10-13.

p223_enrollment.csv

school_key
Unique SPS directory URL slug; Bridges uses an explicit compilation key. Unit: text. Period: October 13, 2026; methods described below.
Sources:

school_name
School/program display name from SPS directory; Bridges added from P223. Unit: text. Period: Retrieved October 13, 2026; Grades 1-12: September 8, 2026; PS/K: September 11, 2026; created September 23.
Sources: https://www.seattleschools.org/schools/
https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

p223_reporting_month
Report month in YYYY-MM; update when replacing the snapshot. Unit: text. Period: Monthly P223 snapshot metadata..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

p223_school_year
School year covered by the P223 report, for example 2026-27. Unit: text. Period: Monthly P223 snapshot metadata..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

p223_report_created_date
Date printed in the source report (ISO YYYY-MM-DD). Unit: text. Period: Monthly P223 snapshot metadata..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

p223_source_url
Official P223 PDF URL; update with each reporting month. Unit: text. Period: Monthly P223 snapshot metadata..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

p223_retrieved_date
Date the report was retrieved (ISO YYYY-MM-DD). Unit: text. Period: Monthly P223 snapshot metadata..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

p223_notes
Notes specific to this monthly enrollment snapshot. Unit: text. Period: Monthly P223 snapshot metadata..
Sources:

p223_reporting_school_name
Verbatim P223 reporting unit matched to this school. Unit: text. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

p223_pdf_page
Physical PDF page, counting cover and contents, for exact school table. Unit: text. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

p223_report_page
Printed Page number within P223 report. Unit: text. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

p223_coverage_status
Matched or not separately reported. Missing report is not zero enrollment. Unit: text. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

p223_count_date_grades_1_12
Report header count date for grades 1-12. Unit: text. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

p223_count_date_preschool_k
Report header count date for preschool and kindergarten. Unit: text. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

enrollment_total
Total Student Count, including PS and full-time Running Start at high schools. P223 Total row. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..

Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

enrollment_regular
Regular Program as reported. Not an additive complement to bilingual/special ed. P223 Total row. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

enrollment_bilingual
Bilingual Served; overlaps Special Ed Served when both apply. P223 Total row. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

enrollment_special_ed
Spec. Ed. Served, including preschool; overlaps bilingual when both apply. P223 Total row. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

enrollment_male
Male student count, as reported. P223 Total row. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

enrollment_female
Female student count, as reported. P223 Total row. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

enrollment_nonbinary
Non-Binary student count, as reported. P223 Total row. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

enrollment_p223_count
P223 Total Count eligible for basic education funding; excludes preschool and some high-school students. P223 Total row. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

enrollment_p223_fte
P223 Total FTE eligible for basic education funding; not head count. P223 Total row. Unit: FTE. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

enrollment_k12
Sum of Total Student Count for K and grades 1-12; excludes preschool. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

grades_with_students
Semicolon-separated grades with positive Total Student Count; not an official statement of authorized grade offerings. Unit: text. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

grade_ps_total
Grade Preschool: Total Student Count; same definitions as school totals. Blank grade rows in an available report are encoded as 0. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

grade_ps_regular
Grade Preschool: Regular Program; same definitions as school totals. Blank grade rows in an available report are encoded as 0. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

grade_ps_bilingual
Grade Preschool: Bilingual Served; same definitions as school totals. Blank grade rows in an available report are encoded as 0. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

grade_ps_special_ed
Grade Preschool: Spec. Ed. Served; same definitions as school totals. Blank grade rows in an available report are encoded as 0. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

grade_ps_p223_count
Grade Preschool: P223 Total Count; same definitions as school totals. Blank grade rows in an available report are encoded as 0. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

grade_ps_p223_fte
Grade Preschool: P223 Total FTE; same definitions as school totals. Blank grade rows in an available report are encoded as 0. Unit: FTE. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

grade_k_total
Grade K: Total Student Count; same definitions as school totals. Blank grade rows in an available report are encoded as 0. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

grade_k_regular
Grade K: Regular Program; same definitions as school totals. Blank grade rows in an available report are encoded as 0. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

grade_k_bilingual
Grade K: Bilingual Served; same definitions as school totals. Blank grade rows in an available report are encoded as 0. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

grade_k_special_ed
Grade K: Spec. Ed. Served; same definitions as school totals. Blank grade rows in an available report are encoded as 0. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

grade_k_p223_count
Grade K: P223 Total Count; same definitions as school totals. Blank grade rows in an available report are encoded as 0. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

grade_k_p223_fte
Grade K: P223 Total FTE; same definitions as school totals. Blank grade rows in an available report are encoded as 0. Unit: FTE. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

grade_1_total
Grade 1: Total Student Count; same definitions as school totals. Blank grade rows in an available report are encoded as 0. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..
Sources: https://www.seattleschools.org/departments/dots/data-reporting/enrollment-reporting-p223/

grade_1_regular
Grade 1: Regular Program; same definitions as school totals. Blank grade rows in an available report are encoded as 0. Unit: students. Period: Monthly P223; see p223_reporting_month and count-date fields..

map_results.csv

school_key
school key. Values are source-specific; identity and scope fields preserve the exact source row context.
Sources: https://geneseehilles.seattleschools.org/about/parent-orientation/

school_year
school year. Values are source-specific; identity and scope fields preserve the exact source row context.
Sources: https://geneseehilles.seattleschools.org/about/parent-orientation/

period
period. Values are source-specific; identity and scope fields preserve the exact source row context.
Sources: https://geneseehilles.seattleschools.org/about/parent-orientation/

grade
grade. Values are source-specific; identity and scope fields preserve the exact source row context.
Sources: https://geneseehilles.seattleschools.org/about/parent-orientation/

subject
subject. Values are source-specific; identity and scope fields preserve the exact source row context.
Sources: https://geneseehilles.seattleschools.org/about/parent-orientation/

metric
metric. Values are source-specific; identity and scope fields preserve the exact source row context.
Sources: https://geneseehilles.seattleschools.org/about/parent-orientation/

percent
School-published MAP grade-level achievement percentage, not an independently converted percentile.
Sources: https://geneseehilles.seattleschools.org/about/parent-orientation/

student_group
student group. Values are source-specific; identity and scope fields preserve the exact source row context.
Sources: https://geneseehilles.seattleschools.org/about/parent-orientation/

denominator_count
Not published in the reviewed MAP source; blank.
Sources: https://geneseehilles.seattleschools.org/about/parent-orientation/

threshold
School report does not define grade-level achievement threshold.
Sources: https://geneseehilles.seattleschools.org/about/parent-orientation/

source_url
source url. Values are source-specific; identity and scope fields preserve the exact source row context.
Sources: https://geneseehilles.seattleschools.org/about/parent-orientation/
